

Example: 12109 EPS Frozen

Pre-Tested $\leq -20^{\circ}\text{C}$ Frozen Shipping System
Pellet Dry Ice

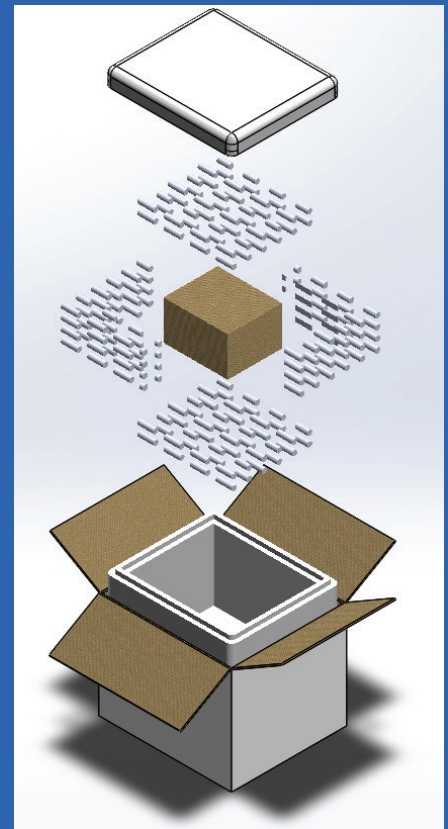

PRE-TESTED FROZEN SHIPPERS

Nordic Express Pre-Tested Frozen parcel shippers are designed and tested to meet ISTA 7E requirements. These shippers are available in multiple sizes to accommodate most payloads in both sustainable insulation and EPS styles. The multi-component design ensures your products arrive frozen for 1 or 2-day shipments.

Our Cotton Frozen and EPS Frozen shippers are available in a variety of configurations to accommodate duration requirements. Our state of the art on-site cold chain testing facility puts all of our products through rigorous tests.

IDEAL FOR

COVID Vaccine Shipping
